

Stonecastle Hotel Feb 12 &13, 2013

The Stonecastle in Branson, MO is the home of OzarkCon. It features three buildings, 299 rooms, and excellent conference facilities. I was there to coordinate the 2013 conference. My favorite room is on the 4th floor overlooking the rear parking lot. [Here is the antenna and what it takes to get a wire from the balcony into a small tree adjacent to the parking lot.](#) Propagation was good on 40M and I was pleased to work the Bahamas and both Foxes in 40M Fox hunt.
